

### **Job Advertisement: Research Associate – Sports Management (60 % Part-time position)**

accadis Hochschule Bad Homburg, University of Applied Sciences is looking to hire a part-time (60%) research associate (m|f) for the area of sport management. The candidate is supported in his or her own doctoral thesis. The preferred start date is 01.01.2019.

#### Responsibilities:

- Providing support for research projects in the field of sports management, in particular sports marketing and digitisation, financing in sports as well as sports personnel. This task is linked to the implementation of own research interests within the scope of a doctorate (DBA).
- Collaborating in the sports management research group of accadis Hochschule Bad Homburg | University of Applied Sciences
- Assisting with research and manuscript preparation for publication and dissemination of results as well as participating in academic conferences
- Participating in third-party funding acquisition, e.g. in preparation of funding applications
- Providing support in the organization and implementation of lectures

#### Qualifications:

- Business degree (Master or comparable), ideally in sports management, sport economics, sport marketing or general management, business administration or related fields
- Fluent English and German language skills
- Knowledge of fundamental research concepts, practices and procedures as well as research methods
- Ability to work independently

This is a 60 % job offer for three years (with an option for a one-year extension). The doctoral thesis (DBA) is written in English language in cooperation with Northumbria University, Newcastle Business School .
